MINISTRY FOR EDUCATION AND SPORT  
GREAT SIEGE ROAD, FLORIANA, MALTA

### **Eurydice Project - scope**

- 1.1 The main objectives of the Eurydice Network is to support evidence-based European cooperation in education, with the mission of providing European-level analyses and supporting information to assist the decision-making process. The network's goal is to contribute towards a better mutual understanding of education systems in Europe through the production of country specific information, comparable country descriptions, indicators and comparative studies in the field of education and training. This is done by providing the Commission with regular, updated information so to support policy actions and enhanced cooperation at European level in the Education field in the Erasmus+ countries.
- 1.2 The role of the National Unit MT is to contribute to the Eurydice Network and support EACEA in implementing its activities as described in the Eurydice work programmes. This support consists of :
  - pro-actively contributing to scoping individual activities to ensure their relevance also for national policy making;
  - providing the central Eurydice Unit in the Executive Agency with information and data on their education systems; and
  - promoting Eurydice products at national level, by formulating a communication strategy and implementing plan.
