

# 28<sup>TH</sup> MARCH 2017

# LANGUAGE DAY

at Giovanni Curmi Higher Secondary School

## Promoting Foreign Languages in Higher Education

Globalisation and modern business trends mean that citizens increasingly need foreign language skills to live and work successfully within their own countries and beyond. Jobs are more easily available to those who speak several languages, and multilingual companies have a better competitive edge than monolingual ones. Learning other peoples' language is also a way of helping us to understand each other better and overcome our cultural differences. Language learning brings benefits to all.

At Giovanni Curmi Higher Secondary we welcome all Form 4 students to join us during a fun packed language day. Our guest speakers will explain why it is useful to learn a foreign language and how to benefit from the opportunities it provides. Our guidance team will also illustrate the possibilities available to students to pursue their studies in languages in higher education.

Language skills are a necessity and a right for EVERYONE.

**Talks by experts  
from the working  
industry**

---

**Career guidance  
team**

---

**Information about  
language subjects  
on language  
stands**
