

The Directorate for Research, Lifelong Learning and Innovation would like to request a quote for an audit to be carried out on the 'EU Agenda for Adult Learning' project and final report.

The purpose of this audit is to ensure and certify that all financial documents which shall be submitted to Cedefop, the European Centre for the Development of Vocational Training of the European Union, comply with the financial provisions of the grant agreement. This audit is also necessary so as to establish that the costs declared are the actual costs, whilst ensuring that all receipts have been declared.

Total operational budget over one year amounts to EUR 28, 125.39 with EUR 19, 687.77 being financed by the EU and EUR 8,437.62 being financed by the national budget. There are less than 20 invoices that have been paid through the project and which need to be vetted.

The financial documents will very probably need to be submitted to the above mentioned agency by end of July 2015. For this reason, kindly note that the deadline for the submission of quotations is on the **12 July 2017**. The audit will, in all probability, need to be carried out between the 17 and 21 July 2017.

Please send quotation to the undersigned (nicolette.debono@gov.mt) and – ccing Mr. Raymond Camilleri (raymond.camilleri@gov.mt).
